WESLEYAN-HOLINESS DIGITAL LIBRARY

Scholars and students needed access to libraries, but many had to travel great distances and at great cost, so this wealth of wisdom was not available to all, it has been limited . . .

Until now.

Wesleyan-Holiness Digital Library is an open access, online resource that aids ministerial development, all disciplines of higher education, and the formation for life and service in the Wesleyan-Holiness tradition. Launching with functionality in five languages and resourcing in many more, this library will be accessible globally. WHDL will dynamically connect the students, faculty, and digital resources around the world and will continue to expand and increase the knowledge base for Christian scholarship for decades to come.

PRESERVE THE PAST

Imagine significant historical documents and out of print classical works of the faith and knowledge now digitized and available to anyone, anywhere, at any time.

PREPARE THE PRESENT

A key component of the collection is the globally validated Course of Study for ordination. That is only the beginning of this cross-disciplinary collection intended to resource scholars and equip global leaders in all fields—scientists, church leaders, writers, politicians, artists as well as transformational ministers.

PROVIDE FOR THE FUTURE

Please join us as we preserve our heritage, provide for the future, prepare and equip global leaders now, and reach the whole world with the whole Gospel by whole persons.
